

Lesions at the mucous membrane of the cheek

- General practitioner Doctor diagnosed it as Candida
- Dental hygienist wanted 2nd opinion because she did not share this opinion
- Dental surgeon diagnosed it as diminished immuun resistance
- Therapy: rinse 2 times daily with blue[®]m mouthwash

Lesions at the mucous membrane of the cheek

After using the blue[®]m mouthwash
twice a day during two weeks

Lesions at the mucous membrane of the cheek

Before blue[®]m

After blue[®]m
